Applications are taken year-round. Trees will be planted September 1 through March 31 each year.

From the possible choices, you may choose park location and tree species. **PLEASE** note your priority. If both species and location can be honored within the Parks master plan, they will be. After the tree is planted, the donor will receive notice that the tree has been planted, accompanied by a map to the location. Trees will be given 1 replacement at donor's choice, after that Park employees will replace with a new species if applicable.
