## Scholarships

The Parks and Recreation Commission believes that no youth should be denied access to Parks and Recreation programs for financial reasons.

The Parks and Recreation Foundation makes recreation scholarships available to those who otherwise would not be able to afford to participate in organized recreation activities. Those seeking scholarships will be asked to complete a Recreation Scholarship Application Form available through JC Parks. Scholarships are generally limited to those receiving benefits from public assistance as designated on the application form. Scholarship funding is limited to \$200 per individual per calendar year and is restricted to ongoing programs conducted by JC Parks staff. Specialized programs of short duration conducted by non-staff members (e.g. baseball clinics) are ineligible for scholarship funding.

All application forms requesting funding for youth programs must be signed by the parent/guardian of the prospective participant. Participants/parents must pay a minimum of 20% of the registration fee for programs for which scholarship assistance is requested.

## JC Parks & Recreation Foundation

The Jefferson City Parks and Recreation Foundation strives to provide additional resources to leverage taxes, fees and grants to enhance our parks and recreation services.

Over the years, civic-minded individuals and organizations have maintained a tradition of enhancing the quality of life for their families, friends, and neighbors through generous donations to the Jefferson City Parks and Recreation system. In 1992, the Jefferson City Parks and Recreation Foundation was formed to provide continuing leadership and foster the expansion of parks and recreation services in Jefferson City.

The Foundation's goal is to emphasize the value of parks and recreation - both passive and active - not only for individual growth and development, but also for a strong family unit and for making our community a more desirable place to live, work, play and visit.

A donation to the Parks Foundation contributes to the entire community.

Any and all size gift to our community are appreciated and contribute to the livability and quality of life in Jefferson City.

## Community Park Sculpture Series

This sculpture series is a project aiming to increase community interest for public art and to honor those who struggled and persevered in the local Historic Foot District area.

Community Park reopened on July 3, 2020, after receiving extraordinary park improvements. The park, which had been largely ignored for several decades, is now Jefferson City's destination park. It is adjacent to Lincoln University (LU), a Historically Black College and University founded by African-American Civil War veterans, and only one mile from the Missouri State Capitol. Three major park features include a unique play experience with a tall climbing tower and zip-lines, Jefferson City's first splash pad, and a picnic shelter for events and gatherings.

A new series of sculptures are located in the the Historic Foot District. This permanent sculpture series provides public art that successfully illustrates the stories of African Americans striving and thriving in the Historic Foot District and surrounding community during times of world wars and segregation.

**Hough Park Lake:** boating (hand-launched) and bank fishing are permitted at Hough Park Lake. Access to the golf course irrigation lake is at the end of Iven Road. For personal safety, fishing and boating are not allowed near hole #3 on the north end of lake.

**McKay Park Lake:** In addition to bank fishing, hand-launched boating is now permitted at McKay Park Lake. Bring your favorite non-motorized water vessel during park hours of 5:00am to 11:00pm.
